Emmons Hall Construction
The construction going on in Brody Square is one example of how MSU is spreading quality throughout campus!

Emmons Hall is all set to open its doors to students at the end of the month! The residence hall was completely renovated to include new furniture, decorations, updated bathrooms, a community kitchen, meeting rooms, and much more! Bailey and Rather Halls are under construction now, followed by Bryan and Armstrong. The entire project is set to be completed in 2013.
