MSU is currently ranked 39th in the world for recruiting university graduates by corporate executives and CEOs, according to a study released by The New York Times this past fall.

This is the 20th highest ranking university in the United States and 2nd highest ranking in the Big Ten only behind Northwestern who is ranked 6th.

Students believe that Michigan State will provide them enough classroom and real world experience to be able to get the career of their dreams! It is our job as employees, mentors, and peers of Michigan State students to help graduates be prepared to jump into the workforce! Spartans stick together!
