Bruce Haskell and Kurt Kwiatkowski recently gave a presentation to students at Parkview Elementary in Charlotte, MI for Mind, Body, and Spirit Day. Bruce and Chef Kurt discussed healthy eating habits and even taught students how to make yogurt breakfast parfaits. Bruce sees this kind of outreach opportunity as important because it allows younger students to learn more about MSU.

How did Kurt and Bruce partner with the community? What benefits does that have for the children at the school and how does MSU benefit when we partner with the community like this?
