Social Responsibility

Social Responsibility means that we will care today about those things that will define this world’s future. This is one of the three parts of our purpose. **Our purpose is WHY we are in business.**

**RHS Example:** Just take a look at our sustainability initiatives for an example of our social responsibility. One of the most obvious part of these efforts that define the world’s future is the emphasis on recycling at MSU. We make sure to do this in our everyday work-life and also on a larger scale at the end of semesters.
