DOSE Principle of the Week:
Commitment to Student and Guest Experience

Here in RHS, we serve an average of 30,000 meals per day in our residence halls and we have 160 guest rooms at the Kellogg Hotel and Conference Center. While these numbers may seem small compared to what McDonald’s serves in their restaurants or what Disney brings to their parks, we still serve a significant number of people. When you factor in how many interactions our guests have with our team members, processes, and facilities, our opportunities for exceeding guest expectations grows.
