Check out this link to browse through some pictures, old and new, of MSU, in honor of the 15th anniversary of the signing of the Morrill Act. Instead of book blowout sales, the Surplus Store will now be having book sales all the time! They will occur in two week intervals. The first day of the sale, they will stock their shelves with a fresh selection of books. Then, with every public sale day, the prices will drop over the two week period. After two weeks with a particular set of books, the remaining stock will be sent to MSU recycling and a new selection will be placed on the shelves. The Surplus Store is currently in the second week of their first round of this sale. Monday – Tuesday, books are 94 cents apiece and Wednesday – Friday they are 40 cents per pound! Check back next week for a new set of books! Visit the MSU Surplus Store Website for hours and more information on their books!
