Try out the New Bike Parking Facilities on Campus!

Brand new bike parking facilities have been built in the bus waiting lobby area of the Trowbridge Parking Ramp and the NW corner of the Grand River Parking Ramp! They are fenced in from floor to ceiling and are secured by the MSU’s secure card system. Inside each facility you will find a bike repair station and new bike racks which keep your bike upright and encourage proper locking. These facilities will be available for anyone in the MSU community to use throughout the summer. However, starting in the fall, only authorized users who pay the annual fee of $50 will be able to access the facility. So, give it a try before summer ends!

Need a visual that marks all of the roads with bike lanes on campus to help map out a route? [This map](#) can help! It also has locations of air compressors, MSUFCU ATMs, and the MSU Bikes Service Center!
