With the MSU Surplus Store and Recycling Center officially teamed up with MSU Bikes, many positive changes can be expected! It will be much easier for individuals to purchase and repair their bikes, especially when a second bike shop opens in the Surplus Store! With over 20,000 bikes on campus, this partnership is definitely going to prove beneficial to everyone here at MSU!

With the undergraduate program in Supply Chain being the first in the nation and the graduate program being second, everyone should know about the differences students and graduates are making in the world around us!

These Spartans are at work daily, making the shipment of goods and services around the globe more efficient, less expensive, and more environmentally friendly! The complex, worldwide supply chain is definitely benefitting from top Spartan minds at work with it!

In fact, the chair of MSU’s Supply Chain Management Program was recently at the White House, discussing greener options for our supply chain. Click here for more on the entire program!

The MSU Surplus Store and Recycling Center Facility received what level of LEED (Leadership in Energy and Environmental Design) Certification?

a. Platinum
b. Gold
c. Silver
d. Bronze
