**D.O.S.E. Principle of the Week:**

**Teamwork and Inclusion**

“We will succeed individually only when we are passionate about prospering as a team.”

-RHS Value

---

**Story of the Day:**

**MSU Horticulture Gardens**

While growing plants for their annual plant sale, the MSU Horticulture Gardens staff and volunteers all worked together to grow an extra 1,300 vegetable and herb plants to donate to the Greater Lansing Food Bank’s Garden Project! This program provides a network of supplies, free plants and seeds, education, and land access to people in the Greater Lansing area, allowing everyone to have the ability to grow and enjoy nutritious garden fresh food.

More than 90 community gardens and 400 home gardens are involved in this project, feeding over 5,000 people, all made possible by the teamwork of many different people and places!

---

**Stay Cool and Green!**

3 Ways to Beat the Heat without AC

1. Keep your lights shut off to help keep the temperature cooler!
2. Use light colored drapes on your windows to help reflect light!
3. Air-dry your dishes instead of using your dishwasher’s drying cycle!

---

**Today’s Weather**

High: 80°
Low: 67°
Partly Cloudy

---
