Quotes for Thought...
“Coming together is a beginning. Keeping together is progress. Working together is success.”
-Henry Ford

“There’s an assumption by many partners that no matter what happens to their business, they’ll be partners forever.”
-David Gibbs

Hat History!
During the early 1900s, hats were very popular accessories among both men and women. Felt hats in particular were most often worn by men. On a brisk day like today, they would most likely be taking them out of summer storage to gear up for the cooler months ahead.

Wear a stylish felt hat today in celebration of Felt Hat Day!
