MSU Crowned Winner of the CATA Clean Commute Statewide Campus Challenge

From September 19-23, MSU competed against many schools across the state for the most logged clean commutes on campus. Individuals registered online and documented the type of transportation that they used for commuting. MSU had over 300 logged clean commutes that included walking, biking, bussing, and much more!

For more on the Clean Commute Program, visit www.cata.org.

Benefits of Clean Commuting

- Good for the environment!
- No worries about parking!
- No dealing with the stress of traffic!
- Saves on gas expenses!
