  IS Conference Room 130
  1-2:30 pm

- **MS Project Discussion**
  IS Conference Room 130
  4-4:45 pm

**Happy 20th Lon-Capa!**

Since its one-department beginnings two decades ago, a Michigan State University-developed online learning system has grown so much that more than 140 institutions around the world, from high schools to world-class universities, now use it.

It was 20 years ago this month that the system, Learning Online Network with Computer-Assisted Personalized Approach, or LON-CAPA, went online to assist faculty and students in MSU’s Department of Physics and Astronomy.

Since then it has become popular in many courses, not just the sciences!

**Win FREE Izzone Admission!**

MSU Athletics & SAF are giving away 10 season-long Izzone admissions. SAF will set up a basketball hoop at The Rock TODAY from 10 a.m. - 5 p.m. & allow any MSU student to take one half-court shot. Any student who makes the shot will immediately win Izzone admissions.

By 2015, MSU plans to reduce campus waste by 30 percent, energy consumption by 15%, and greenhouse gas emissions by 15%.
