Partly cloudy throughout the day.

WATER MANAGEMENT TECHNIQUES
MSU receives the majority of its water from the Saginaw Aquifer, a deep sandstone formation that lies beneath MI’s Lower Peninsula. The techniques MSU uses to obtain water management include:

- Rain gardens
- Green roofs
- Grow zones
- Porous pavement

MONDAY, JULY 21

WEEKLY LINEUP
Our Values:

WHICH COUNTRY DOES THE MOST GOOD?
Simon Anholt talks to us about how local problems now lead to consequences worldwide. He says governments operate independently which is part of the problem. Governments must think outwardly as well as locally. Watch his video and learn more here.

EAT AT STATE!
Eat At State’s food trucks will be at Green & White Day today and Friday! Be sure to check out their specials, like their pulled pork sandwich. Their white truck will also be available at The Rock tomorrow! Keep yourself updated on their Facebook page, here.

NATIONAL HAMMOCK DAY
Relax and cool down today as it’s National Hammock Day! Summer is in full swing, there’s no better place to relax than a hammock.

The MSU Dairy Store was put on the “10 Most Underrated Places in Michigan That You Must Check Out”! Read the article here.
